

# ONAPA STEWARDSHIP PROJECTS FOR MAY-JUNE 2024

Project registration on the ONAPA website is highly recommended so we can plan ahead appropriately. If the project is cancelled, it will be posted on the website and our Facebook page; you will receive an email the day before, if you registered. The project will likely be rescheduled. These stewardship projects represent important habitat management and rare plant work to be conducted on state nature preserves and other natural areas in Ohio. Detailed descriptions of the projects, with directions to the preserve, are posted on our website at [www.onapa.org](http://www.onapa.org).

DATE AND TIME	PRESERVE, COUNTY, AND PROJECT TYPE
<b>MAY</b>	
<b>Thursday, May 2<sup>nd</sup></b> 10:30am-3:30pm	<b>Miller Preserve</b> , Highland Co. – control of garlic mustard & other herbaceous invasive plants
